- 15' Break
- 30' Plenary feedback and next steps

Prof. Johan Schot (Utrecht University) is the founder of the transformative innovation policy consortium (TIPC) and principal investigator of the MOTION project. Schot is recognised as a leading expert in the field of sustainability transitions. For more information see [www.johanschot.com](http://www.johanschot.com)

IST 2020 CONFERENCE  
ONLINE TRAINING EVENT  
18 AUGUST 2020  
1:00 PM – 4:30 PM CET  
[Conference website](#)

### ORGANISING TEAM

This online training event is hosted by EIT Climate-KIC and the Transformative Innovation Policy Consortium (TIPC). Together, they initiated the MOTION-project to develop and test methodologies for systemic change.

The training offers an introduction into the TIPC-MOTION way of thinking, and enables participants to work on the impact a project (portfolio) can make in systems change.

### REGISTRATION

Please [register here](#), before 11 August 2020. Limited places available.
